Welcome to college via the Internet. Because of the tremendous growth of education on the Internet, students can now experience the college dream through cyberspace and put together all or part of their college education in many fields with few or even no visits to any campus. The academic resources of the world are delivered to their front door through modem or network.

Managing Computer-Based Information Systems in Developing Countries: A Cultural Perspective analyzes computer-based information systems in the Arab Gulf Countries, starting with an analysis of culturally oriented perceptions and attitudes. It treats the issue of CBIS diffusion into the AGC with consideration to its vast potential of strategic, tactical and operational demands of the region.
