Where and how to fly fish within two or three hours of downtown Boston. Terry Tessein, a veteran of a lifetime of fishing the New England coastline, shares those years of experience in the first detailed guidebook to the multitude of fly fishing possibilities within easy reach of downtown Boston. From the shores of Rhode Island to the coastline of southern Maine, Tessein will guide the reader on where to go, when to go to find particular species, and what flies and tactics to use at each venue. Fly Fishing Boston covers both well known areas like the Joppa Flats of Newburyport, as well as the relatively unknown and underfished areas along this stretch. In addition, Tessein explains such important coastal fishing information as tides and how they affect the movement of fish. Finally, Fly Fishing Boston is detailed enough to provide even regional fly patterns unique to specific zones. It will be a book to both read in the off-season and to pack in the tackle bag when heading out for a day of fishing.

As well as being a practical guide it's an exhilarating read... It is a delightful thing: anybody contemplating crossing to Ireland for pleasure shouldn't think of going without consulting it. OBSERVER

Few states can offer the angling diversity that New Jersey can, which is why Tom Gilmore and Wilderness Adventures Press bring you the brand-new Flyfisher's Guide to New Jersey. New Jersey's Highlands are reminiscent of New England, and its fall foliage rivals that of Vermont and New Hampshire. Its glacial lakes provide year-round fishing for salmonid species like rainbow, brown, and lake trout and even landlocked salmon. The freestone trout streams found in New Jersey's Ridge and Valley physiographic province rival those found in the nearby Pocono and Catskills Mountains, and it even has a smattering of limestone spring creeks. The state's Pinelands harbor countless bass and pickerel lakes as well as crappies. New Jersey also has 127 miles of ocean-front beaches with ample public access. Its back bays, estuaries and tidal wetlands serve as nurseries for its many saltwater gamefish. Inshore and offshore opportunities for tuna, bluefish, marlin and more are also covered. Gilmore's 50-plus years of first-hand fishing knowledge guides readers as to where, when and how to catch over 30 species of gamefish. Over 200 freshwater and saltwater locations are covered in this guide, alongside dozens of detailed maps with GPS coordinates for access points, public and private lands, boat ramps, campgrounds, access roads and more. Flyfisher's Guide to New Jersey is a must read for every fisherman (not just flyfisherman) who lives in or plans to visit New Jersey. Yes, you can flyfish in New Jersey. Learn all about it with the Flyfisher's Guide to New Jersey.

The Rough Guide to Classical Music is the ideal handbook, spanning a thousand years of music from Gregorian chant via Bach and Beethoven to contemporaries such as Thomas Adès and Kaija Saariaho. Both a CD buyer's guide and a who's who, the guide includes concise biographical profiles of more than 200 composers and informative summaries of the major compositions in all genres, from chamber works to operatic epics. For novices and experts alike, the fully updated fifth edition features contemporary composer Helmut Lachenmann and Widor, the 19th century organ composer of 'Toccata' wedding fame, as well as dozens more works added for existing composers. You'll find an new 'Top 10's' section with accessible introductory listings including the Top 10 operas and the Top 10 symphonies plus new essay boxes on topics such as "Baroque - a style or a period?" and "The clarinet comes of age". The Rough Guide to Classical Music features fresh and incisive reviews of hundreds of CDs, selecting the very best of the latest recordings and reissues as well as more than 150 illustrations of composers and performers, including a rare archive of photos.

This volume explores both historical and current issues in English usage guides or style manuals. Guides of this sort have a long history: while Fowler's Modern English Usage (1926) is one of the best known, the first English usage guide was published in the UK in 1770, and the first in the US in 1847. Today, new titles come out nearly every year, while older works are revised and reissued. Remarkably, however, the kind of usage problems that have been addressed over the years are very much the same, and attitudes towards them are slow to change - but they do change. The chapters in this book look at how and why these guides are compiled, and by whom; what sort of advice they contain; how they differ from grammars and dictionaries; how attitudes to usage change; and why institutions such as the BBC need their own style guide. The volume will appeal not only to researchers and students in sociolinguistics, but also to general readers with an interest in questions of usage and prescriptivism, language professionals such as teachers and editors, and language policy makers.

Make the most of your time with The Rough Guide to Canada. Now available in ePub format.

Newgrange in Ireland is a world famous monument not only because of its vast scale and elaborate megalithic art, but also because of its renowned alignment to the sun on the winter solstice. Yet the origins of Newgrange remain somewhat mysterious. Across Ireland over two hundred similar passage tombs are found, some of which are considerably older than Newgrange. These less investigated monuments reveal that the origins of Newgrange may be hidden in plain sight. A progression in the scale and sophistication of construction of these passage tombs, developments in the styles of megalithic art, and an increase in the scale and craftsmanship of associated artefacts may be observed, which taken together indicate a lengthy process of development. In short, Robert Hensey uncovers an untold history at Newgrange; an island-wide story of incremental changes over hundreds of years, of a society in evolution, perhaps in extremis, who left behind such a rich, enigmatic and patterned legacy. This book not only charts the earlier history of Newgrange, but addresses why it was constructed, what was its purpose. In the Boyne Valley, through Newgrange and related sites at Brœ na B—inne, we have evidence not only of extraordinary physical accomplishments, but of tremendous acts of imagination; a testament to rich and developed inner worlds. In this book, it is proposed that the concept of an otherworld which could be embodied by and accessed through passage tombs was a central motivator in passage tomb construction from its earliest beginnings. Newgrange is at the end of a long tradition of monuments dedicated to the religious needs of Neolithic communities, from small-scale monuments built by early farming groups; to potent otherworld centres of ritual training at the edge of society; eventually to temple-like monuments standing at the very heart of the religious and political sphere in Neolithic Ireland. Challenging both orthodox archaeological opinions and popular conjecture, this will be an important book for anyone interested in Neolithic archaeology. The Rough Guide to Fiji explores all the best to see and do in this Pacific paradise. Discover the aqua blue lagoons with exquisite

With up-to-date descriptions of the best hostels and budget hotels in Europe, bars in Europe, cafés, cheap restaurants, and European shopping and festivals this guide is the budget-conscious traveller's must have item for European trips.

Did the universe start with a bang, or has it existed always? Was there a supernatural being behind it all, or just mindless forces? The beginning of things has forever tested the limits of curiosity, and such questions have both challenged atheists and inspired believers. Ancient cultures resorted to myth and symbolism to tell vibrant stories about human origins. Later civilizations added philosophical and scientific explanations: but these are not definitive. The nature and meaning of existence - the 'why' as much as the 'how' questions - are in the end mysterious. In this lively and wide-ranging book, G R Evans explores the world's myriad creation stories against the background of the biggest question there is: what are we doing here? Discussing Swahili legends that resemble the Book of Genesis, Greek tales about the Titans, Native American, Inca and Mesopotamian mythologies, and Vedic creation cycles that begin with a cosmic egg or seed, the author surveys polytheist, monotheist and dualist ideas about supernatural power. Tracing the history of humanity as it has struggled, over many millennia, to make sense of itself, The Creation Myth will attract students of religion, history and philosophy and general readers alike.

The Orvis Book of Family Friendly Fly Fishing Like all sports, the fun of fly-fishing lies in sharing the experience and in spending time with those closest to you. And yet for a father unsure how to connect with his bored, PlayStation-dazed kids, for a beginning fisherman who doesn't want to learn casting techniques by himself, for a mother who would love to show her children the outdoors but isn't quite sure how to begin, it can be a frustrating and intimidating business. From one of the most trusted brands in the industry, and from one of the sport's most esteemed authors, The Orvis Guide to Family-Friendly Fly-Fishing by Tom Rosenbauer will take the mystery out of sharing the experience. Rosenbauer provides instructional guidance, discusses the nuts and bolts of casting, fly choice, and technique, and opens the lens to discuss family-friendly destinations, gear, schools, safety, and more. Rosenbauer brings his expertise to bear on perhaps the most essential skill set of all—introducing the people closest to you to your beloved sport. Tom Rosenbauer, host of the Orvis Fly Fishing Podcasts, has been with the Orvis Company over 30 years. Rosenbauer is Fly Rod & Reel magazine's 2011 Angler of the Year and author of The Orvis Fly-Fishing Guide, one of the best-selling fly-fishing books ever.

The Rough Guide to India is the definitive travel guide to this captivating country. More a continent than a country, India is an overload for the senses. From the Himalayan peaks of Sikkim to the tropical backwaters of Kerala, the desert forts of Rajasthan to

the mangroves of West Bengal, India's breathtaking diversity of landscapes is matched only by its range of cultures, cuisines, religions and languages. The Rough Guide to India gives you the lowdown on this beguiling country, whether you want to hang out in hyper-modern cities or explore thousand-year-old temples, track tigers through the forest or take part in age-old festivals, get a taste of the Raj or watch a cricket match. And easy-to-use maps, reliable transport advice, and expert reviews of the best hotels, restaurants, bars, clubs, and shops for all budgets ensure that you won't miss a thing. Make the most of your time with The Rough Guide to India.

The Eastern United States is wrought with tailwater fisheries that can produce monster trout, but anglers need the wheres, whens and hows in order to capitalize. In the newest Flyfisher's Guide, Tom Gilmore gives you everything you need to know to hook into the East's trophy tailwater trout. Other guidebooks have inconsistent writing and photography, with vague maps. Gilmore gives you everything you need to know, along with spectacular full-color photography. Regulations, seasons, fish, river characteristics, expert insights, recommended gear, hub-city information, history, and complete directions are listed for every river. Gilmore also details what makes a tailwater a tailwater, and offers specific advice on how to approach them. Fish, flies and hatches are broken down, along with tips on how to read the water, flow and release schedules, seasonal variations, appropriate gear and more. This book keeps up Wilderness Adventures Press' tradition of producing superior maps with GPS coordinates for all access points, boat ramps, campgrounds and more. The Upper Connecticut, Deerfield, Housatonic, Delaware, Gunpowder, Jackson, South Holston, Watauga, Tuckasegee, Chattahoochee and many more rivers are covered in full detail. Authors Ed Jaworowski's and Beau Beasley's endorsements validate this offering as the authoritative guide on fishing eastern tailwaters. Start catching more and bigger fish with this guidebook from Wilderness Adventures Press.

This remarkable and acclaimed debut novel, by the Newbery-winning author of *When You Reach Me* and the new instant classic *The List of Things That Will Not Change*, introduces readers to a captivating, hidden world below the ice. Peter is thrilled to join his parents on an expedition to Greenland. But when they finally reach the ice cap, he struggles to understand a series of frightening yet enticing visions. Thea has never seen the sun. Her extraordinary people, suspected of witchcraft and nearly driven to extinction, have retreated to a secret world they've built deep inside the arctic ice. As Thea dreams of a path to Earth's surface, Peter's search for answers brings him ever closer to her hidden home in this dazzling tale of mystery, science, and adventure at the top of the world. "A mystic thriller." —Entertainment Weekly
"Optimistic science fiction that highlights human ingenuity and survival under dire conditions." —The Wall Street Journal

Amateur astronomers who have been disappointed by the results of an observing session can take comfort in the guidance of this book, which advises how to still gain useful experience in seemingly "failed" nights at the telescope. In a world with imperfect seeing conditions, incredible observing sessions are often mixed with less inspiring ones, discouraging the amateur observer. This book is designed to minimize subsequent disappointment for astronomers who encounter a few bad observing sessions, helping novice observers take something worthwhile away each and every time they go out under the night sky, regardless of the observations that were originally planned. Almost every observer remembers his first sight of ringed Saturn, hanging in the blackness of space. Practitioners agree that there is something special about visual observing. Real-time observations at the eyepiece can provide fleeting yet intense feelings that connect us with the universe in unique ways. But when expectations aren't met at the eyepiece, there are other ways to profit from the practice of astronomy. These rewards, though less showy, are well worth cultivating. This is a book that will help the reader see what constitutes a "successful"

Download File PDF At First Light Guides

visual observing session. It explains the nature of the objects that the observer is seeing and advises how best to use their equipment. There are many hints and tips about how best to locate, recall, and record observations, including suggestions for trips to areas where there are dark skies and to public observatories. Amateur astronomy is a journey from the urban backyard all the way to dark rural skies, and with this guide the journey can be smooth.

Authored by experts in various facets of civil litigation and reviewed by general editor William C. Bochet, LexisNexis Practice Guide New Jersey Trial, Post-Trial, and Appellate Proceedings offers quick, direct, New Jersey-specific answers to questions that arise in day-to-day civil litigation practice. Topically organized, LexisNexis Practice Guide New Jersey Trial, Post-Trial, and Appellate Proceedings covers a range of civil practice issues and takes task-oriented approach to each subject in its action-oriented section headings (e.g. Moving for Relief in Limine, Preparing for Direct Examinations of Experts at Trial, and Making Objections or Requests for Curative Instructions) and multiple checklists in each chapter that guide the reader through each step of a task. This publication covers critical topics such as jury charges, bench trial, opening statements, burdens of proof, trial motions, party and non-party witnesses, expert witnesses, summations, and bringing appeals. It includes numerous practice tips (Strategic Point, Warning, Timing and Exception) to ensure best practices and help the attorney make choices, avoid practice pitfalls and recognize important time limitations and exceptions to general rules. The online product includes practice forms.
