

Chasing Paradise

From an author the San Francisco Chronicle hails as "daring and splendid" comes an exhilarating novel of passion and ideas that cuts to the heart of one of literature's most fascinating and enduring mysteries: the enigma of Shakespeare. Meet Joe Roper, tough-minded young graduate student, who has been lucky enough to land a job cataloging the famed Kellogg Collection of Elizabethan texts and curiosities. Joe's been passionate about Shakespeare since he read a duct-taped paperback at age nine and found the witches, warriors, murders, and ghosts as much fun as Stephen King, but his working-class roots make him a fish out of water in the academic world. He is seemingly as far from adventure as it's possible to be -- until the delicious Posy Gould enters, stage right. A glamorous rising star at Harvard, she insists that a letter Joe has found, signed by one W. Shakespeare of Stratford, is a career-making discovery for them both -- because the letter says Shakespeare didn't write the plays. To Joe's mind, the letter is a forgery. When Posy insists they test it, the two literary sleuths head for England to prove their clashing theories. But they find themselves in a world where the London Eye looks out over Shakespeare's city, Hollywood producers rub elbows with Elizabethan spies, and mystery shadows the heart of Westminster Abbey and the lanes of rural England. And Joe and Posy find that, when you start chasing Shakespeares, what you find is not only who he was, but who you are, and how far you're willing to go.... A first-rate mystery from one of the masters of the genre, Chasing Shakespeares is also a literary shell game, a love story, and a profound meditation on identity and ownership. Sarah Smith has created a novel that rivals A. S. Byatt's Possession in its rich and fast-moving blend of literary history and page-turning suspense.

A rich account of the giant bronze doors created by Florentine sculptor Lorenzo Ghiberti--so exquisite that Michelangelo proclaimed them suitable to serve as the Gates of Paradise.

What challenges are facing the Western world in the early 21st century? What fate is awaiting the nation states? Will they continue to exist or will they be replaced by empires? What will the role of the state be? Will it shrink and lose significance or, on the contrary, grow stronger? Will everybody have to work, will they have a job in the future? In all events, will there be enough work for all? And what fate is awaiting the family? How about belief? What will follow from the prolongation of human life? Can social welfare systems, one of the most important achievements of the 20th century, be maintained? Can we wait until the West offers new answers and proposals for solutions or should we make up our minds and follow our own ideas? These are some of the questions to which Mária Schmidt seeks answers in this volume. While her point of view is undoubtedly that of a historian, her thoughts are focused on the future. This essay collection of hers is based on the convincing starting point: there is no way back! Paul's writing spirit was revived in 1993 and he was re-inspired by a friend named Kim to renew his poetic writing and thus *A FRIEND MADE ME REMEMBER WAS BORN* to be followed by another book entitled *FOR THE LOVE AND LOVER IN YOU*. Three poems from that book are found in the highly acclaimed book *THE CHOCOLATE SHIP* by celebrated author Marissa Monteilh who also wrote *MAY DECEMBER SOULS*, *HOT BOYZ*, *MAKE ME HOT AND MORE*. Ms. Monteilh also wrote, "Paul Bennett is poetically talented beyond his years. *A FRIEND MADE ME REMEMBER* will lyrically touch each of your senses, and passionately stroke your soul. You will be moved, you will be touched, and your heart will be warmed by the flow of his genius." Debra Clayton, celebrated author of *RAP SUPERSTAR* wrote, "blessed and truly talented. Although I find all of your poems to be intoxicating and mesmerizing, there were a few that climbed into my heart. God has blessed you with an incredible gift. Let the rest of the world experience what I experienced when I read your touching, thought provoking words." Bennett's writing spawned an anthology of poems contained within and reflects not only his gifted penchant for writing poetry, but reveals something about the man, his strong feelings for family, people and the world in which we live.

Humans have been chasing immortality since the beginning of history, seeking answers to sickness and aging, death and the afterlife, and questioning the human condition. Analyzing ideas from ancient Sumer, Egypt, Greece and India, as well as the Abrahamic religions of Judaism, Christianity and Islam, this study explores how early religious models influenced later beliefs about immortality, the afterlife, the human soul, resurrection, and reward and punishment. The author highlights shared teachings among the most influential religions and philosophies, concluding that humankind has not substantially changed its conceptions of immortality in 6,000 years. This continuity of belief may be due to chromosomal memory and cultural inheritance, or may represent a fundamental way of conceptualizing the afterlife to cope with mortality.
