For every superhero hitting the big time with a blockbuster movie, there are countless failures, also-rans, and D-listers. The League of Regrettable Superheroes affectionately presents one hundred of the strangest superheroes ever to see print—from Atoman to Zippo—complete with backstories, vintage art, and colorful commentary. Drawing on the entire history of the medium, the book celebrates characters that haven't seen the light of day in decades, like Natureboy, Dr. Hormone, Thunder Bunny, and more. It's a must-read for comics fans of all ages!

This "DC Explosion" brought with it many creative new titles, but just weeks after its launch, they pulled the plug, cancelling numerous titles and leaving stacks of completed comic book stories unpublished. It quickly became known as "The DC Implosion", and TwoMorrows Publishing marks the 40th Anniversary of one of the most notorious events in comics with an exhaustive oral history from the creators involved (Jenette Kahn, Paul Levitz, Len Wein, Mike Gold, and others), plus detailed analysis of how it changed the landscape of comics forever!
