

## First We Make The Beast Beautiful A New Journey Through Anxiety

William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry As provocative today as when it was first published in 1954, *Lord of the Flies* continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of *Lord of the Flies*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

To test the limits of our ability to inhabit lives that are not our own, Charles Foster set out to know the ultimate other: the nonhumans. To do that, he chose five animals and lived alongside them, sleeping as they slept, eating what they ate, learning to sense the landscape through the senses they used. In this lyrical, intimate, and completely radical look at the lives of animals, Charles Foster mingles neuroscience and psychology, nature writing and memoir, and ultimately presents an inquiry into the human experience in our world, carried out by exploring the full range of the life around us.

From New York Times bestselling author of *I Quit Sugar*, comes a cookbook with more than 300 satisfying recipes that make giving up sugar simple, sustainable, and delicious. Sarah Wilson's sugar-free promise is more than just a way of eating. The benefits to overall wellbeing—fewer mood swings, improved sleep patterns, and maintaining weight control—have transformed the idea into a way of life. With her new cookbook filled with one-pan wonders, grain-free breakfasts, leftover makeovers, smoothie bowls, and more, Sarah shows us that eliminating sugar is not only doable, but is also so delicious. Recipes include: Bacon 'N' Egg Quinoa Oatmeal, Caramelized Leek, Apple and Rosemary Socca, Two-Minute Desk Noodles, Red Velvet Crunch Bowl, and Chocolate Peanut Butter Crackles.

The acclaimed author of *The Other Wes Moore* continues his inspirational quest for a meaningful life and shares the powerful lessons—about self-discovery, service, and risk-taking—that led him to a new definition of success for our times. *The Work* is the story of how one young man traced a path through the world to find his life's purpose. Wes Moore graduated from a difficult childhood in the Bronx and Baltimore to an adult life that would find him at some of the most critical moments in our recent history: as a combat officer in Afghanistan; a White House fellow in a time of wars abroad and disasters at home; and a Wall Street banker during the financial crisis. In this insightful book, Moore shares the lessons he learned from people he met along the way—from the brave Afghan translator who taught him to find his fight, to the resilient young students in Katrina-ravaged Mississippi who showed him the true meaning of grit, to his late grandfather, who taught him to find grace in service. Moore also tells the stories of other twenty-first-century change-makers who've inspired him in his search, from Daniel

Lubetzky, the founder of KIND, to Esther Benjamin, a Sri Lankan immigrant who rose to help lead the Peace Corps. What their lives—and his own misadventures and moments of illumination—reveal is that our truest work happens when we serve others, at the intersection between our gifts and our broken world. That's where we find the work that lasts. An intimate narrative about finding meaning in a volatile age, *The Work* will inspire readers to see how we can each find our own path to purpose and help create a better world. Praise for *The Work* “Powerful and moving . . . Wes Moore’s story and the stories of those who have inspired him, from family members to entrepreneurs, provide a model for how we can each weave together valuable lessons from all different types of people to forge an individual path to triumph. I’ve known and deeply admired Wes for a long time. Reading *The Work*, I better understand why.”—Chelsea Clinton “Wes Moore proves once again that he is one of the most effective storytellers and leaders of his generation. His gripping personal story, set against the dramatic events of the past decade, goes straight to the heart of an ancient question that is as relevant as ever: not just how to live a good life, but how to make that life matter. Above all, this book teaches us how to make our journey about more than mere surviving or even succeeding; it teaches us how to truly come alive.”—Arianna Huffington, author of *Thrive* “How we define success for ourselves is one of life’s essential questions. Wes Moore shows us the way—by sharing his incredible journey and the inspiring stories of others who make the world a better place through the choices they’ve made about how they want to live. We come away from this important book with a new understanding of what it truly means to succeed in life.”—Suze Orman “An intriguing follow-up to his bestselling *The Other Wes Moore* . . . Moore makes a convincing case that work has the most value if it’s built on a foundation of service, selflessness, courage, and risk-taking.”—*Publishers Weekly* “A beautifully philosophical look at the expectation that work should bring meaning to our lives.”—*Booklist* “*The Work* will resonate with people seeking their own purpose.”—*BookPage*

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Meg has vanished from Jay's life and not even Peter knows what has happened to her, what White has done to her or - even worse - is currently doing to her. Without having Meghan to keep him sane, Jay struggles to keep the upper hand and control over his body, and to face not only his new everyday life, but also the scattered memories of his encounters with the woman who brought back his humanity to the surface. Eventually, he knows that he has to face the beast within, because this time it's his turn to save her.

Alma's beautiful, hairy world is turned upside down by the arrival of a stranger. From the utterly original imagination of the author-illustrator of *Ooko* comes a story about celebrating differences and making new friends. For fans of *Where the Wild Things Are* and *Wild*. Alma lives happily in her hairy world, where she can braid the trees, comb the grass, pet the roof and feed her plumpooshkie butterfly. Until one day . . . a hairless, button-nosed beast appears in the garden! At first Alma is scared but when she realizes the beast is lost and misses her hairless home, Alma offers to help her find her way back. As the two take a fantastical journey through the red-headed woods and the bearded mushroom glen to the beast's bald abode, they discover that they are much more alike than different. This quirky and charming story about friendship, empathy and perspective invites readers into a surreal, fantastical world that evokes *Alice in Wonderland*, *Where the Wild Things Are* and *The Lorax*.

Make the most of your creative and intellectual gifts by overcoming the unique challenges they bring with this guide by the author of *Natural Psychology*. Many smart and creative people experience unique challenges as a result of their valuable gifts. These can range from anxiety

and over-thinking to mania, depression, and despair. In *Why Smart People Hurt*, creativity coach Dr. Eric Maisel pinpoints these often-devastating challenges and offers solutions based on the groundbreaking principles and practices of natural psychology. Are you still searching for meaning after all these years? Many smart people struggle with reaching for or maintaining success because, after all of the work they put into attaining it, it still seems meaningless. In *Why Smart People Hurt*, Dr. Maisel will teach you how to stop searching for meaning and create it for yourself. In *Why Smart People Hurt*, you will find:

- Evidence that you are not alone in your struggles
- Strategies for coping with a brain that goes into overdrive at the drop of a hat
- Questions that will help you create your own personal roadmap to a calm and meaningful life

Do you ever wonder what is happening inside your brain when you feel anxious, panicked, and worried? In *Rewire Your Anxious Brain*, psychologist Catherine Pittman and author Elizabeth Karle offer a unique, evidence-based solution to overcoming anxiety based in cutting-edge neuroscience and research. In the book, you will learn how the amygdala and cortex (both important parts of the brain) are essential players in the neuropsychology of anxiety. The amygdala acts as a primal response, and oftentimes, when this part of the brain processes fear, you may not even understand why you are afraid. By comparison, the cortex is the center of “worry.” That is, obsessing, ruminating, and dwelling on things that may or may not happen. In the book, Pittman and Karle make it simple by offering specific examples of how to manage fear by tapping into both of these pathways in the brain. As you read, you’ll gain a greater understanding how anxiety is created in the brain, and as a result, you will feel empowered and motivated to overcome it. The brain is a powerful tool, and the more you work to change the way you respond to fear, the more resilient you will become. Using the practical self-assessments and proven-effective techniques in this book, you will learn to literally “rewire” the brain processes that lie at the root of your fears.

Orphaned as a child by a blood-feud, and sold as a slave to an exiled chieftain in Ireland, the boy Hasting had little hope of surviving to adulthood. The gods had other plans. A ship arrived at his master's longphort carrying a man who would alter the course of his destiny, and take him under his wing to teach him the ways of the Vikings. His is a story of a boy who was a slave, who became a warlord, and who helped topple an empire.

The New York Times bestselling author of *I Quit Sugar* transforms cultural perceptions of the mental health issue of our age—*anxiety*—viewing this widespread condition not as a burdensome affliction but as a powerful spiritual teacher that can deepen our lives. While reading psychiatrist Kay Redfield Jamison’s groundbreaking account of bipolar disorder *An Unquiet Mind*, Sarah Wilson discovered an ancient Chinese proverb that would change her life: To conquer a beast, you must first make it beautiful. Wilson, a bestselling author, journalist, and entrepreneur, had spent years struggling with her own beast: chronic anxiety. And the words of this proverb would become the key to understanding her condition. First, *We Make the Beast Beautiful* charts Wilson’s epic journey to make peace with her lifetime companion, and to learn to

see it as a guide, rather than as an enemy. With intensive focus and investigatory skills, Wilson examines the triggers and treatments, the fashions and fads. She reads widely and interviews fellow sufferers, mental health experts, philosophers, and even the Dalai Lama, processing all she learns through the prism of her own experiences. Pulling at the thread of accepted definitions of anxiety, she unravels the notion that it is a difficult, dangerous disease that must be medicated into submission, and re-frames it as a divine journey—a state of yearning that will lead us closer to what really matters. Practical and poetic, wise and funny, *First, We Make the Beast Beautiful* is a small book with a big heart. It will encourage the myriad souls who dance with this condition to embrace it as a part of who they are, and to explore the possibilities it offers for a richer, fuller life.

Retelling of the classic fairy tale about a girl whose great capacity to love releases a prince from the spell which has made him an ugly beast.

The *Nature of the Beast* is a New York Times bestselling Chief Inspector Gamache novel from Louise Penny. Hardly a day goes by when nine year old Laurent LePage doesn't cry wolf. From alien invasions, to walking trees, to winged beasts in the woods, to dinosaurs spotted in the village of Three Pines, his tales are so extraordinary no one can possibly believe him. Including Armand and Reine-Marie Gamache, who now live in the little Quebec village. But when the boy disappears, the villagers are faced with the possibility that one of his tall tales might have been true. And so begins a frantic search for the boy and the truth. What they uncover deep in the forest sets off a sequence of events that leads to murder, leads to an old crime, leads to an old betrayal. Leads right to the door of an old poet. And now it is now, writes Ruth Zardo. And the dark thing is here. A monster once visited Three Pines. And put down deep roots. And now, Ruth knows, it is back. Armand Gamache, the former head of homicide for the Sûreté du Québec, must face the possibility that, in not believing the boy, he himself played a terrible part in what happens next.

The author recounts his lifelong battle with anxiety, showing the many manifestations of the disorder as well as the countless treatments that have been developed to counteract it, and provides a history of the efforts to understand this common form of mental illness.

ONE OF THE BEST BOOKS OF THE YEAR, *The Economist* and *The Financial Times* “Harrowing” true stories from two years of immersion reporting on the migrant trail from Chiapas to Arizona—an “honorable successor to enduring works like George Orwell’s *The Road to Wigan Pier*” (*New York Times*) One day a few years ago, 300 migrants were kidnapped between the remote desert towns of Altar, Mexico, and Sasabe, Arizona. A local priest got 120 released, many with broken ankles and other marks of abuse, but the rest vanished. Óscar Martínez, a young writer from El Salvador, was in Altar soon after the abduction, and his account of the migrant disappearances is only one of the

harrowing stories he garnered from two years spent traveling up and down the migrant trail from Central America and across the US border. More than a quarter of a million Central Americans make this increasingly dangerous journey each year, and each year as many as 20,000 of them are kidnapped. Martínez writes in powerful, unforgettable prose about clinging to the tops of freight trains; finding respite, work and hardship in shelters and brothels; and riding shotgun with the border patrol. Illustrated with stunning full-color photographs, *The Beast* is the first book to shed light on the harsh new reality of the migrant trail in the age of the narcotraficantes.

The unusual adventures of four geniuses who are forced to flee their universe when they unexpectedly become the target of alien malevolence

A luxuriously magical retelling of *Beauty and the Beast* set in seventeenth-century France—and told from the point of view of the Beast himself. I am neither monster nor man—yet I am both. I am the Beast. He is a broken, wild thing, his heart's nature exposed by his beastly form. Long ago cursed with a wretched existence, the Beast prowls the dusty hallways of his ruined château with only magical, unseen servants to keep him company—until a weary traveler disturbs his isolation. Bewitched by the man's dreams of his beautiful daughter, the Beast devises a plan to lure her to the château. There, Isabeau courageously exchanges her father's life for her own and agrees to remain with the Beast for a year. But even as their time together weaves its own spell, the Beast finds winning Isabeau's love is only the first impossible step in breaking free from the curse....

In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls “grit.” “Inspiration for non-geniuses everywhere” (People). The daughter of a scientist who frequently noted her lack of “genius,” Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among *Grit*'s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high

standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a fascinating tour of the psychological research on success” (*The Wall Street Journal*).

When a tiger suspects he is the beast the jungle animals are fleeing from, he returns to them and points out their similarities.

'I loved this book.' MATT HAIG \_\_\_\_\_ If you have anxiety, this book is for you. If you love someone who is anxious, this book is for you. I Quit Sugar founder and New York Times bestselling author Sarah Wilson has lived through high anxiety - including bipolar, OCD and several suicide attempts - her whole life. Perhaps like you, she grew tired of seeing anxiety as a disease that must be medicated into submission. Could anxiety be re-sewn, she asked, into a thing of beauty? So began a seven-year journey to find a more meaningful and helpful take on anxiety. Living out of two suitcases, Sarah travelled the world, meeting with His Holiness The Dalai Lama, with Oprah's life coach, with major mental health organizations and hundreds of others in a quest to unravel the knotted ball of wool that is the anxious condition. She emerged with the very best philosophy, science and hacks for thriving with the beast. *First, We Make the Beast Beautiful* is a book with a big heart, paving the way for richer, kinder and wiser conversations about anxiety.

\_\_\_\_\_ 'Probably the best book on living with anxiety that I've ever read.' MARK MANSON, author of *The Subtle Art of Not Giving a F\*ck*

It doesn't matter that you've lived in shadows, that you've slept through years of your life, that you've done things you're ashamed to admit even to yourself. It doesn't matter that you're an anxious, depressed, spaghetti-brained mess with a shouty monster brain that keeps you from conforming to society's definition of normal. Beth McColl has been there – sometimes she still is there – but in this book she shares what's worked for her and what hasn't, what's gotten her into trouble and then back out of it again, and what she wishes she'd known from the start: How to get through a bad day Questions to ask your doctor The truth about medication Ways to practise self-care and mindfulness What to expect from a partner How to forgive your past self, and so much more... How to Come Alive Again is a relatable, honest, at times joyous and above all practical guide for anyone who has a mental illness – or anyone who knows and loves someone who does. It's the basics for mending your life, accepting yourself, changing what doesn't work, killing the worst of it and learning to live again.

From the New York Times bestselling author of *I Quit Sugar* and *First, We Make the Beast Beautiful* comes this proven 2-week plan for reducing anxiety and beating one of its leading causes—sugar addiction—using 8 simple, sustainable

dietary shifts. Eating more than 6 teaspoons of sugar a day? No wonder you're anxious. Anxiety has a lot to do with lifestyle choices, including what you put in your mouth. Sarah Wilson is an expert on sugar addiction and its connection to the most widespread mental health concern—chronic anxiety—affecting millions worldwide today. One in six people in the West alone suffer from an anxiety-related illness. While scientists know that anxiety is a chemical imbalance in the brain, recent studies have linked this condition to sugar consumption and inflammation in the gut. In *The Anti-Anxiety Diet*, Wilson unravels the cutting-edge science linking sugar addiction, inflammation, and gut health to mental health. “If you have fire in the gut,” Sarah advises, “you have fire in the brain.” And sugar is the primary culprit. *The Anti-Anxiety Diet* is her simple, 2-week jumpstart plan for eliminating sugar from your diet. Packed with delicious, easy-to-prepare recipes, 4-color photos, and detailed meal plans, it shows you how to replace the bad stuff (sugar) with the good stuff (whole, unprocessed foods), to soothe—and ultimately tame—the anxious beast.

This is the first published version of *Beauty and the Beast*, written by the French author Gabrielle-Suzanne Barbot de Villeneuve in the mid-18th century and translated by James Robinson Planché. It is a novel-length story intended for adult readers, addressing the issues of the marriage system of the day in which women had no right to choose their husband or to refuse to marry. There is also a wealth of rich back story as to how the Prince became cursed and revelations about Beauty's parentage, which fail to appear in subsequent versions of the now classic fairy tale.

**AN EXTRAORDINARILY RESONANT AND PROPHETIC COLLECTION OF SPECULATIVE SHORT FICTION FOR OUR TECH-SAVVY ERA BY DEBUT AUTHOR ALEXANDER WEINSTEIN** *Children of the New World* introduces readers to a near-future world of social media implants, memory manufacturers, dangerously immersive virtual reality games, and alarmingly intuitive robots. Many of these characters live in a utopian future of instant connection and technological gratification that belies an unbridgeable human distance, while others inhabit a post-collapse landscape made primitive by disaster, which they must work to rebuild as we once did millennia ago. In “The Cartographers,” the main character works for a company that creates and sells virtual memories, while struggling to maintain a real-world relationship sabotaged by an addiction to his own creations. In “Saying Goodbye to Yang,” the robotic brother of an adopted Chinese child malfunctions, and only in his absence does the family realize how real a son he has become. *Children of the New World* grapples with our unease in this modern world and how our ever-growing dependence on new technologies has changed the shape of our society. Alexander Weinstein is a visionary new voice in speculative fiction for all of us who are fascinated by and terrified of what we might find on the horizon.

They say good things come to those who wait. Bullsh\*t%! My whole life has been about waiting. Playing it safe. Be the good girl, don't color outside the lines. Put in the hard work trying to prove myself to Dad, then to my college professors, then to my boss at

New World Media. Just waiting for the day when it will all pay off. And right when it was all starting to--I finally had the house, the job, I was even thinking about getting a cat--boom!--my life explodes and suddenly now I'm here and-- "All done," the doctor interrupts my thoughts, pulling off her gloves with a loud snap. Even from the bed where I'm lying, my legs spread like the Thanksgiving turkey, I can hear the impatient growl of the man standing in the doorway. If you can even call him a man. More like a beast out of a friggin' fairytale. "Well?" Her pronouncement echoes throughout the room while the speculum is still inside me. "She's a virgin."

Sarah Wilson encourages us to be the change we want. She liberated us from the health costs of processed food by helping us to quit sugar. She inspired us to reframe anxiety as an opportunity for personal transformation rather than as a frailty. Now she emboldens us to adopt 'zero-waste' cooking as the path to good health, creativity and an altogether more elegant life. Inside this book you will find the most instructive, practical and useful kitchen advice that you are ever likely to encounter. Sarah reacquaints us with Flow, an intricately crafted kitchen process that shows us how to cook gut-healing, nutritionally dense, delicious food in less time, for less money and with virtually no waste. I Quit Sugar: Simplicious Flow is more than its 348 recipes, stunning food photography and intensely useful instruction. It is a manifesto for change, a challenge to us all to take charge of our kitchen, our expenditure, our time, our own health and the health of the planet.

NEW YORK TIMES BESTSELLER • A week-by-week guide to quitting sugar to lose weight, boost energy, and improve your mood and overall health, with 108 sugarfree recipes. "Life without sugar is much sweeter than I ever imagined it would be."—Shauna Ahern, *Gluten-Free Girl* Sarah Wilson thought of herself as a relatively healthy eater. She didn't realize how much sugar was hidden in her diet, or how much it was affecting her well-being. When she learned that her sugar consumption could be the source of a lifetime of mood swings, fluctuating weight, sleep problems, and thyroid disease, she knew she had to make a change. What started as an experiment to eliminate sugar—both the obvious and the hidden kinds—soon became a way of life, and now Sarah shows you how you can quit sugar too:

- Follow a flexible and very doable 8-week plan.
- Overcome cravings.
- Make food you're excited to eat with these 108 recipes for detox meals, savory snacks, and sweet treats from Sarah Wilson and contributors including Gwyneth Paltrow, Curtis Stone, Dr. Robert Lustig (*The Fat Chance Cookbook*), Sarma Melngailis (*Raw Food/Real World*), Joe "the Juicer" Cross, and Angela Liddon (*Oh She Glows*). I Quit Sugar makes it easy to kick the habit for good, lose weight, and feel better than ever before. When you are nourished with delicious meals and treats, you won't miss the sugar for an instant.

As seen in USA Today's hottest releases and The Washington Post's 10 New Books Spotlight "Sarah Wilson is a force of nature – quite literally. She has taken her pain and grief about our sick and troubled world and alchemized it into action, advocacy, adventure, poetry, and true love." — ELIZABETH GILBERT Wake up and reclaim your one wild and precious life. New York Times bestselling author Sarah Wilson shows you how in this radical spiritual guidebook, the book we need NOW. Many of us are living with the sense that things are not right with the world and are in a state of spiritual PTSD. We have retreated, morally and

psychologically; we are experiencing a crisis of disconnection—from one another, from our true values, from joy, and from life as we feel we are meant to be living it. Sarah Wilson argues that this sense of despair and disconnection is ironically what unites us—that deep down, we are all feeling that same itch for a new way of living. Drawing on science, literature, philosophy and the wisdom of some of the world's leading experts, and her personal journey, Wilson offers a hopeful path forward to the life we love. En route, she shows us how to wake up and reconnect with life using “wild practices” that include: · Hike. Embrace the “walking cure” as great minds throughout history have. · Go to your edge. Do what scares you and embrace discomfort daily. · #Buylesslivemore. Break the cycle of mindless consumption and get light with your life. · Become a soul nerd. Light up your intellect with the arts. · Get “full-fat spiritual”. Have an active practice and use it to change the world. · Practice wild activism. Through sustained, non-violent protest we can create our better world. The time has come to boldly, wildly imagine better. We are being called upon, individually and as a society, to forge a new path and to find a new way of living. Will you join the journey?

Elin's family has an important responsibility: caring for the fearsome water serpents that form the core of their kingdom's army. So when some of the creatures mysteriously die, Elin's mother is sentenced to death as punishment. With her last breath, she manages to send her daughter to safety. Alone and far from home, Elin soon discovers that she can communicate with both the terrifying water serpents and the majestic flying beasts that guard her queen. This skill gives her great power, but it also involves her in deadly plots that could cost her life. Can she save herself and prevent her beloved beasts from being used as tools of war? Or is there no escaping the terrible battles to come?

A New York Times Best Seller! To many, the past 8 years under President Obama were meant to usher in a new post-racial American political era, dissolving the divisions of the past. However, when seventeen-year-old Trayvon Martin was shot by a wannabe cop in Florida; and then Ferguson, Missouri, happened; and then South Carolina hit the headlines; and then Baltimore blew up, it was hard to find any evidence of a new post-racial order. Suddenly the entire country seemed to be awakened to a stark fact: African American men are in danger in America. This has only become clearer as groups like Black Lives Matter continue to draw attention to this reality daily not only online but also in the streets of our nation's embattled cities. Now one of our country's quintessential urban war zones is brought powerfully to life by a rising young literary talent, D. Watkins. The author fought his way up on the eastside (the “beastside”) of Baltimore, Maryland—or “Bodymore, Murderland,” as his friends call it. He writes openly and unapologetically about what it took to survive life on the streets while the casualties piled up around him, including his own brother. Watkins pushed drugs to pay his way through school, staying one step ahead of murderous business rivals and equally predatory lawmen. When black residents of Baltimore finally decided they had had enough—after the brutal killing of twenty-five-year-old Freddie Gray while in police custody—Watkins was on the streets as the city erupted. He writes about his bleeding city with the razor-sharp insights of someone who bleeds along with it. Here are true dispatches from the other side of America. In this new paperback edition, the author has also added new material responding to the rising tide of racial resentment and hate embodied by political figures like Donald Trump and Ted Cruz, and the impact this has had on issues of race in America.

This book is essential reading for anyone trying to make sense of the chaos of our current political moment.

"Probably the best book on living with anxiety that I've ever read" Mark Manson, bestselling author of *The Subtle Art of Not Giving a F\*ck* Sarah Wilson is a New York Times and Amazon #1 bestselling author, entrepreneur and philanthropist. She's the founder of IQuitSugar.com, whose 8-Week Program has been completed by 1.5 million people in 133 countries. A former news journalist and editor of *Cosmopolitan*, she was the host of the first series of *MasterChef Australia* and is the author of the international bestsellers *First, we make the beast beautiful*, *I Quit Sugar: Simplicious*, *I Quit Sugar* and *I Quit Sugar For Life*. Her latest book is *I Quit Sugar: Simplicious Flow*. She is ranked as one of the top 200 most influential authors in the world. Sarah blogs in an intimate fashion - on philosophy, anxiety, minimalism and anti-consumerism - at [sarahwilson.com](http://sarahwilson.com), lives in Sydney, Australia, rides a bike everywhere, is a compulsive hiker and is eternally curious. In *First, we make the beast beautiful*, Sarah directs her intense focus and fierce investigatory skills onto this lifetime companion of hers, looking at the triggers and treatments, the fashions and fads. She reads widely and interviews fellow sufferers, mental health experts, philosophers, and even the Dalai Lama, processing all she learns through the prism her own experiences. Sarah pulls at the thread of accepted definitions of anxiety, and unravels the notion that it is a difficult, dangerous disease that must be medicated into submission. Ultimately, she re-frames anxiety as a spiritual quest rather than a burdensome affliction, a state of yearning that will lead us closer to what really matters. Practical and poetic, wise and funny, this is a small book with a big heart. It will encourage the myriad sufferers of the world's most common mental illness to feel not just better about their condition, but delighted by the possibilities it offers for a richer, fuller life. MORE PRAISE FOR *FIRST, WE MAKE THE BEAST BEAUTIFUL* "at once a nomadic journey, a cri de coeur and a compendium of hard-won wisdom ..." Professor Patrick McGorry AO MD PhD FRCP FRANZCP FAA FASSA, 2010 Australian of the Year "A witty, well-researched and often insightful book about negotiating a new relationship with anxiety." Andrew Solomon, Professor of Clinical Psychology and author of *The Noonday Demon: An Anatomy of Depression*

When quiet, bookish Izzy Simon accepts a two-week assignment as an assistant for an author of children's books, it seems like the perfect way for her to make some much-needed extra money, but the grumpy author claims he doesn't want or need her services. He might be as handsome as a storybook prince, but his prickly personality and resistance to all things Christmas are sure to make for a chilly holiday season. Derek Croft never agreed to the cheery temp his staff arranges for him while they're on vacation. Izzy is his polar opposite, but Derek soon realizes she could be the perfect solution to his interfering family...if he can get her to agree to pretend to be his live-in girlfriend. Before long Izzy's sweet disposition and unflappable optimism has him decorating a tree and looking forward to late night hot cocoa, but he's all too aware their time together can't last.

"Thrilling, intense, with pulse-pounding chills . . . Everything you could want in a series." --Soman Chainani, New York Times bestselling author of *The School for Good and Evil* New York Times bestselling authors Ally Condie and Brendan Reichs co-author another edge-of-your-seat adventure in this darkly suspenseful middle grade series. Nico, Opal, Tyler, Emma, and Logan survived their worst fears come to life, and saved their tiny Pacific Northwest town of Timbers from a

monstrous figment invasion. Now they just want to keep their heads down, enjoy Halloween, and explore the secrets of their mysterious houseboat clubhouse. And also figure out their new Torchbearer responsibilities as keepers of the Darkdeep, an ancient whirlpool hidden in Still Cove that can make both dreams and nightmares into reality. But when a dangerous new breed of figments starts appearing on their own, and the very environment around them begins to spiral out of control, the friends realize they have no idea what they are doing—or how they're supposed to restrain the Darkdeep. They must uncover the pool's origins, as well as those of the freaky Thing in a Jar, a seemingly lifeless green creature Opal believes is communicating with her. To make matters worse, a trashy YouTube series has rolled into town intent on finding the Beast, the legendary local sea monster suddenly stirring up the countryside. As threats rapidly close in around them, the friends must fight to protect their secrets, defeat new enemies, and save Timbers and all that they love. Told from alternating points of view, this chilling sequel from bestselling duo Ally Condie and Brendan Reichs will once again have readers sleeping with the lights on.

A tale as old as time is made new in Ashley Poston's fresh, geeky retelling of Beauty and the Beast—now with a bonus Starfield story! In this third book of the Once Upon a Con series, Rosie Thorne is feeling stuck—on her college application essays, in her small town, and on that mysterious General Sord cosplayer she met at ExcelsiCon. Most of all, she's stuck in her grief over her mother's death. Her only solace was her late mother's library of rare Starfield novels, but even that disappeared when they sold it to pay off hospital bills. On the other hand, Vance Reigns has been Hollywood royalty for as long as he can remember—with all the privilege and scrutiny that entails. When a tabloid scandal catches up to him, he's forced to hide out somewhere the paparazzi would never expect to find him: Small Town USA. At least there's a library in the house. Too bad he doesn't read. When Vance's and Rosie's paths collide, sparks do not fly. But as they begrudgingly get to know each other, their careful masks come off—and they may just find that there's more risk in shutting each other out than in opening their hearts.

Smart, bookish Belle, a captive in the Beast's castle, has become accustomed to her new home and has befriended its inhabitants. When she comes upon Nevermore, an enchanted book unlike anything else she has seen in the castle, Belle finds herself pulled into its pages and transported to a world of glamour and intrigue. The adventures Belle has always imagined, the dreams she was forced to give up when she became a prisoner, seem within reach again. The charming and mysterious characters Belle meets within the pages of Nevermore offer her glamorous conversation, a life of dazzling Parisian luxury, and even a reunion she never thought possible. Here Belle can have everything she ever wished for. But what about her friends in the Beast's castle? Can Belle trust her new companions inside the pages of Nevermore? Is Nevermore's world even real? Belle must uncover the truth about the book, before she loses herself in it

forever.

"This book details the struggle through misdiagnosis after misdiagnosis, the search for answers to what "gluten free" really means, additional medical issues along with celiac disease, and a connection between her past life of disordered eating to her new medically restricted diet"--Back cover.

Once upon a time, I fell in love with two men. Their feelings for me were matched only by their hatred for each other. Gaeton, with his brash charm and casual cruelty. Beast, his lust equal to his penchant for violence. Being with them was sinful and perfect in different ways. In the end, I couldn't choose, and I lost them both. Now, my sisters have tasked me with securing our power base, no matter the cost. I will do anything for my family—even if it means agreeing to the terms set by Gaeton and Beast. The three of us. Together. But only for as long as it takes me to choose one of them once and for all. When playing games of power, happily ever after isn't a priority. Not even for me. Especially not for me. Content Warning: Contains the aftermath of a death of a parent by cancer.

New York Times Bestselling Author Sarah MacLean returns with the next book in the Bareknuckle Bastards series about three brothers bound by a secret that they cannot escape—and the women who bring them to their knees. *The Lady's Plan* When Lady Henrietta Sedley declares her twenty-ninth year her own, she has plans to inherit her father's business, to make her own fortune, and to live her own life. But first, she intends to experience a taste of the pleasure she'll forgo as a confirmed spinster. Everything is going perfectly...until she discovers the most beautiful man she's ever seen tied up in her carriage and threatening to ruin the Year of Hattie before it's even begun. *The Bastard's Proposal* When he wakes in a carriage at Hattie's feet, Whit, a king of Covent Garden known to all the world as Beast, can't help but wonder about the strange woman who frees him—especially when he discovers she's headed for a night of pleasure . . . on his turf. He is more than happy to offer Hattie all she desires...for a price. *An Unexpected Passion* Soon, Hattie and Whit find themselves rivals in business and pleasure. She won't give up her plans; he won't give up his power . . . and neither of them sees that if they're not careful, they'll have no choice but to give up everything . . . including their hearts. "...The beginning of a great saga..." —NPR.org "This compelling Nigerian-influenced fantasy has a wonderfully unique premise and lush, brilliant worldbuilding that will consume you until the last page."—Buzzfeed "...Unforgettable in its darkness, inequality, and magic." —VOYA, Starred Review "...A paean to an emerging black legend."—Kirkus Reviews, Starred Review *Black Panther meets Nnedi Okorafor's Akata Witch in Beasts Made of Night*, the first book in an epic fantasy duology. In the walled city of Kos, corrupt mages can magically call forth sin from a sinner in the form of sin-beasts—lethal creatures spawned from feelings of guilt. Taj is the most talented of the aki, young sin-eaters indentured by the mages to slay the sin-beasts. But Taj's livelihood comes at a terrible cost. When he kills a sin-beast, a tattoo of the

beast appears on his skin while the guilt of committing the sin appears on his mind. Most aki are driven mad by the process, but Taj is cocky and desperate to provide for his family. When Taj is called to eat a sin of a member of the royal family, he's suddenly thrust into the center of a dark conspiracy to destroy Kos. Now Taj must fight to save the princess that he loves—and his own life. Debut author Tochi Onyebuchi delivers an unforgettable series opener that powerfully explores the true meaning of justice and guilt. Packed with dark magic and thrilling action, *Beasts Made of Night* is a gritty Nigerian-influenced fantasy perfect for fans of Paolo Bacigalupi and Nnedi Okorafor.
