A streamlined and highly effective approach to trading without indicators Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is suited to those traders looking to quickly achieve expertise with a trading method.

Offers a simpler way for traders to make effective decisions using the price chart Based on coauthor Walter Peters method of trading and managing money almost exclusively without indicators Coauthor Alexander Nekritin is the CEO and President of TradersChoiceFX, one of the largest Forex introducing brokers in the world Naked Forex teaches traders how to profit the simple naked way!

Trading the Forex Market can be exciting, adventurous, and financially rewarding. It can also be disastrous for those who are unprepared for its rhythms and movements. Now, Jared F. Martinez, one of the foremost experts in currency trading, draws upon his vast knowledge and experience to deliver 10 key practices for trading in Forex. The 10 Essentials of Forex Trading shows you how to use charting methods to effectively relate market movements to trading patterns-and turn those patterns into profit. No matter your level of trading experience, you can develop the skills you need to become a consistently successful foreign currency trader-from using the right trading tools and balancing equity management to trading in buy and sell zones and identifying trends and trendlines. You'll discover what drives the Forex market and how to navigate the three stages of Forex trading: acquiring new trading rules, controlling disciplined thought, and implementing disciplined action. Martinez also prepares you to:

- Understand the financial game of support and resistance between Bulls & Bears
- Use Japanese Candlesticks to discern the sign language of the market
- Create an entry strategy and a consistent exit strategy
- Use Fibonacci as part of your trading approach
- Forecast sideways movement in the market-and trade it

Martinez shows you how to put it all together to execute a successful trade by finding convergence and analyzing the market on multiple timeframes. You'll also learn how to gain control over your emotions-a vital part of trading on Forex-and eliminate bad habits that can prevent you from

travelled abroad, then you've already conducted a basic forex transaction by trading some of your home currency with the currency of the country you're visiting. In a nutshell, this is what forex traders basically do - they make money by first exchanging their home currency with those of another countries, and then making. There are hundreds of specific methods for trading in Forex and in markets. There are as many effective, tested and successfully tested methods. Why is the majority of traders not getting results? In the present world, investors mainly invest in real estate, financial management, funds and stocks, and some invest in futures, while few invest in foreign exchange. This is related to the late start and small scale of international foreign exchange market and the failure to establish a complete foreign exchange trading system, but drawback is more because investors are not familiar with this market. Forex is a monetary market that is utilized by numerous individuals everywhere throughout the world in an everyday life. At the end of the day, it is a social affair of individuals where buyers and sellers are included. It enables individuals to make a benefit consistently. Forex isn't a stage to get wealthy in a solitary day. It requires some investment and needs top to bottom information about exchanging. The worldwide forex industry exchanges over \$6.6 trillion in normal day by day exchanging volume, making it the greatest money related market on earth. How would you take advantage of it? This Book Covers: Forex Trading The Principle Currencies The Currency Quote Forces That Drive the FOREX Markets Trading Approaches The Power of Volume Price Analysis The Mathematics of Trading Risk and Money Management Trading Plan The Psychology of Trading Choosing the Broker Choosing Your Currency Pairs Getting Started With MT4 Trading Platfor And much more! Forex's notoriety charms remote trade dealers over all levels, from amateurs who are simply finding the open

doors in the forex market to solid and steady specialists. Regardless of the fact that it is so normal to engage in forex, with constant sessions, access to basic use and for the most part low expenses, it is in like manners incredibly simple to lose money trading forex. Being afraid of losses can make beginning traders increase their level of risk in order to get back to breakeven quicker. It can also cause beginning traders to stop trading a perfectly good trading system. This, of course, leads to losses and frustration as these traders often see that their trading system would've gone on to be very profitable for them. So, the moral of the story here is quite clear, do not trade with money that you cannot afford to lose. If you do not have the money required by your chosen Forex trading strategy, then use a Forex demo account to sharpen your skills until you save enough to have adequate working capital. Prepare Yourself for Trading Success - Beginning traders should keep the famous Boy Scout saying, Be Prepared in mind. The most successful traders in the world became that way by being prepared so there's no reason you shouldn't follow their example.

rules and using those rules to make a profit. Further trading success is a matter of taking that same set of rules and applying them over and over again. One of the first lessons in learning Forex trading for beginners is to learn how to use analysis to create simple, yet effective Forex strategies. The analysis that you use can be technical analysis or fundamental analysis or a combination of the two. This is not one of those Forex trading books or courses that is going to promise you the moon and tell you that you will own your own private island one week from now. In fact, the Forex basics you will learn have absolutely nothing to do with pie-in-the-sky, get rich quick schemes or the ineffective Forex robots you may have tried in the past. In this book you will learn the answers to the following questions: What is Forex? – Obviously to trade Forex successfully it will be essential to know about what you are trading. Included is a simple example of a currency exchange followed by examples of Forex symbols and Forex quotes. Why Trade Forex?– There are many different markets available for you to trade such as stocks, futures, and Forex. Foreign exchange trading can be extremely lucrative and understanding its many benefits is one of the most important of Forex basics. How Do We Make or Lose Money? – Understanding the basics of how you make or lose money in Forex is absolutely essential. Included are some simple, straightforward examples that walk you through the process in an easy-to-follow, step-by-step fashion. Also included: Technical Analysis Basics – No Forex for beginners guide would be complete without coverage of the most popular types of Forex analysis. Every successful trader analyzes the market to identify those profit opportunities that have the greatest probability for success. Introduction to Forex Trading Systems – Every successful trader uses a trading system and you should too. This introduction includes some basic, easy-to-follow examples along with Forex charts to further
