The choices that individuals make in moments of crisis can transform them. By focusing on fictional characters trapped on fictional islands, the book examines how individuals react when forced to make hard choices within the liminal space of a "prison" island. At stake is the perception of choice: do characters believe that they have the power to choose, or do they think that they are at the mercy of fate? The results reveal certain patterns--psychological, historical, social, and political--that exist across a variety of popular/public cultures and time periods. This book focuses on how the interplay between liminality and the Locus of Control theory creates dynamic sites of negotiated meaning. This psychological concept has never before been used for literary analysis. Offered here as an alternative to the defects of Freudian psychology, the Locus of Control theory has been proven reliable in thousands of studies, and the results have been

An international bestseller and the inspiration for a blockbuster film series, Suzanne Collins's dystopian, young adult trilogy The Hunger Games has also attracted attention from literary scholars. While much of the criticism has focused on traditional literary readings, this innovative collection explores the phenomena of place and space in the novels--how places define people, how they wield power to create social hierarchies, and how they can be conceptualized, carved out, imagined and used. The essays consider wide-ranging topics: the problem of the trilogy's Epilogue; the purpose of the love triangle between Katniss, Gale and Peeta; Katniss's role as "mother"; and the trilogy as a textual "safe space" to explore dangerous topics. Presenting the trilogy as a place and space for multiple discourses--political, social and literary--this work assertively places The Hunger Games in conversation with the world in which it was written, read, and adapted.

Students are exposed to the challenges and intricacies behind a rebellion against an oppressive state. The vocabulary activities make this resource and the novel accessible for all students. Make predictions about the plot based on what is already known about the characters. Identify statements of the setting as true or false. Describe moments where Katniss questions herself and explain her reasoning. Students put themselves in Katniss' shoes and imagine what she would be thinking when the terms of the Quarter Quell are revealed. Become a Gamemaker and design the arena for the 100th Hunger Games. Complete a wedge graphic organizer by identifying some of the symbolism found throughout the novel. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: Catching Fire follows the events surrounding the dramatic end to The Hunger Games. Katniss and Peeta return home to District 12, where life is much different than when they left. Katniss is reunited with her family, but finds herself distant from Gale and Peeta. When it's time for their Victory Tour, Katniss and Peeta must once again put on a show for the citizens of Panem. During this tour, it becomes clear to both that their display in the arena ignited a rebellion against the Capitol. Katniss now must convince both President Snow and Panem that she is deeply in love with Peeta in order to prove her actions in the games were that of love and not of defiance. With the 75th anniversary of the Hunger Games looming, Katniss learns that her days in the arena are far from over.

This book is the result of understanding literature as a central part of children's education. Fiction and nonfiction literary works constitute a source to open young minds and to help them understand how and why people – themselves included – live as they do, or to question through critical lenses whether they could live otherwise. By integrating philological, cultural, and pedagogical inquiries, Thinking through Children's Literature in the Classroom approaches the use of literature as a crucial factor to motivate students not only to improve their literacy skills, but also to develop their literary competence, one that prepares them to produce independent and sensible interpretations of the world. Of course, the endeavor of forming young readers and fostering their ability to think begins primarily by having well-read teachers who are enthusiastic about teaching and, secondly, by having students who are willing to learn. To encourage and sustain them through the critical turns of their own thinking processes, educators must surely display a sound pedagogic knowledge apart from deep literary expertise. What do ethicists and moral philosophers really think about? What are the most pressing concerns in the discipline today? This collection of interviews with a range of interesting and original thinkers in the field provides a snapshot of contemporary ethics in all its complexity and nuance. It contains 25 probing interviews conducted by Richard Marshall of the cultural magazine 3AM, each consisting of a carefully condensed version of the interview, preceded by a brief biography of the interview subject. Marshall's questions are deeply knowledgeable while always accessible to the layperson, and the interviewees respond in kind with rich and opinionated responses. The result is a deeply engaging entree into the state of ethics today.

The Hunger Games is on fire. This series of novels and movies is attracting millions. Jane Wells offers an exciting new perspective on novelist Suzanne Collins' complex world. Readers and moviegoers, young and old, continue to cheer for her hero Katniss Everdeen, a teenager fighting forces of injustice in a bleak future version of our world. [Moves and counter moves. The Hunger Games series follows the birth of a rebellion that takes on the Capitol's overbearing power. As we read about Katniss's journey from protecting her sister to embodying the hope of those long oppressed, political themes surface again and again. What does it mean to be a responsible political figure when living in a prison state? Who is the most effective political leader in the rebels' midst? This book explores these questions and others as it examines the ways that The Hunger Games series mirrors some of America's political questions.

In this State Standards-aligned Literature Kit™, we divide the novel by chapters or sections and feature reading comprehension and vocabulary questions. In every chapter, we include Before You Read and After You Read questions. The Before You Read activities prepare students for reading by setting a purpose for reading. They stimulate background knowledge and experience, and guide students to make connections between what they know and what they will learn. The After You Read activities check students' comprehension and extend their learning. Students are asked to give thoughtful consideration of the text through creative and evaluative short-answer questions and journal prompts. Also included are writing tasks, graphic organizers, comprehension quiz, test prep, word search, and crossword to further develop students' critical thinking and writing skills, and analysis of the text.

About the Novel: The Hunger Games is a story about a dystopian society and a young girl's sacrifice to keep her family safe. Told from the perspective of 16-year-old Katniss Everdeen, the story takes place in a post-apocalyptic nation called Panem. The nation consists of a rich Capitol and 12 surrounding poor districts. Every year, an event known as The Hunger Games is held. One boy and one girl from each district is selected by lottery to compete in the battle to the death, with only one person standing. The story begins in District 12, where the lottery chooses Primrose to compete. In an effort to protect her sister, Katniss volunteers, taking her place. The story then follows Katniss as she journeys to the Capitol and enters the Hunger Games. The Hunger Games is an emotional story of survival, selection, and overcoming obstacles. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.
