

Ncert Xii Biology Chapter 2

????

This book has been designed for students who are studying in class 12 and need to boost their preparation for Biology. The book is comprehensive and the design is based on the guidelines laid down by Central Board of Secondary Education. The book has been divided into chapters that cover the important topics of Biology. Students will find separate chapters on human reproduction, reproduction in organisms, inheritance, biotechnology, ecosystem, molecular basis and variation in this book. In addition to well-designed content, the book has a separate section on questions and answers. In this section, questions from NCERT books have been provided with detailed answers. The book can be used additionally to the books prescribed in a school or college. It can be used by students studying in class twelve and also by others who are in college.

The study of NCERT helps students greatly in various competitive and entrance exams. For prestigious IIT JEE and NEET, NCERT books are all you need to strengthen the fundamentals of the subjects. But students often face problem in understanding the concepts which is why they fail to succeed. To facilitate an easy learning, Doctor Dilip Gangwar who is known throughout the country for his 'Art of Teaching Biology' conceived an idea of bringing out a comprehensive book written in a highly simplistic manner and supported by all the possible elements to enhance the conceptual clarity. Biology Simplified NCERT for class XII is a newly designed book by him which is based on the latest exam pattern and syllabus of NEET UG/AIIMS. It has 16 chapters written in an easy-to-digest manner which qualifies aspirants to comprehend theories with full clarity and reinforces their ability to answer the concept-based problems intellectually. Aimed at easing the study level of NCERT, this book is highly approachable and ensures to help you gain mastery over the subject.
