PART ONE ---New York City Without a word, Nathan handed the cablegram to his son. Roy took it and walked away a few steps. He opened the envelope as he walked, dreading with every step, what he believed the cable would say; the Baron had died. The others watched quietly as he read, hardly breathing. The cable fell to the ground; Roy's shoulders sagged, and he began to sob mightily. After a few minutes, he straightened his shoulders, shook himself like a wet dog, then turned to the

others. "All right gentlemen, I assume you all read what grandfather said; Tell Roy to stay the course, and that is exactly what we're going to do. Michael, where do we go from here?" "Offhand, Roy, I'd say Kentucky, but it's your decision; except I don't think you ought to be the one to go. How about you, Uncle Nathan?" "I think you're right; Roy needs to stay right here and look after MacTavish Enterprises like he's supposed to. I had planned to go wherever we went, if Roy did, but since he'll staying here, I reckon I'll go on to Virginia and rest a while. I guess that leaves you, Oliver." "Uncle Robert felt I owed him something," Oliver said, "if I intended to take my rightful place in the clan; so he asked me to be the head of this new MacTavish division in this country. He'd been told there was a lot of open land and few settlers out west, and that's where I should go. Also, I'd be able to pay for land with gold without too many questions. I agreed with that, and said I'd do it. David is all eager to go, so I guess that's what we'll do." PART TWO --- THE OLSENS It was late in the day, August Twenty-first, eighteen fifty-six, and a perfect evening for fishing. A nice cool breeze barely ruffled the leaves on the trees providing shade for a man sitting beneath them in a strange looking chair; ostensibly, trying to catch his supper. Oliver Olsen, once a sailor, now an adventurer; a banker; a farmer; a trader of livestock; a buyer of land; a builder; an entrepreneur extraordinaire; a

man who wore many hats; was a man lost in retrospect. He found this happening more often lately, and if someone asked him why, would most likely answer, "I'm trying to figure out how it all came about." Suddenly, he was aware someone was jerking on his arm. He looked around and saw it was his two year old grandson, David Junior. His mother, Penny, was standing right behind the boy. "Grandpa," Penny said. "I don't see any fish; you've been sleeping again, haven't you?" "I suppose you could say that," he replied, "either that, or someone's been standing beside me telling that same old story again. It don't get any better with the telling. I'd sure like to hear something from David, wouldn't you? It's been three months since we heard from him and the boys."

Sandy Clyburn, (fictitious), was orphaned at five, during London's 'Blitz), 1943. He was evacuated to Wales for the remainder of the war, then returned to London, to foster homes and finally an orphanage run by the 'Skunks', (Shanks) who were drunkards and gamblers, denying their charges their due. Leaving school at age 15 and not wanting to remain in London, he took an audition for the Royal Marines School Of Music, Deal, Kent. He had no previous music study of any kind, other than a friend who showed him some basic march drumming, cadet style. The contract; 3 and 12 years Boy and Man. At his audition he was told, the quota for Band

Drummers, (Percussionists), at that time were filled. However, he agreed to accept a position as Bugler, 'till such time as new Band Drummer positioned opened up, that were frequent throughout the year. (Buglers conscript as Marines, fighting soldiers. RM). Musicians, non-combatant, Bandsmen, RMB), almost a different service. Accepting the position of Bugler/Drummer, RM., would put him on the spot, as it were. The story centers around his trials, tribulations and general struggle to obtain the objective of Musician/Percussionist. Friends help him gain knowledge and ability in order to transfer. Time was not on his side. Boy Musicians had four years training as opposed to one year for Buglers, who were then shipped to a Division, then a ship or Naval establishment. After graduating as a Bugler, eight months later, much to his surprise, he's granted a six month trial period in order to prove his worth. Stepping back to the move from the School, he allowed himself to be coerced and talked into stealing a clarinet. A friend convinces him that the extra cash would be handy for Christmas leave. His involvement, minimal. An instrument or two, would be stashed in his kit while his back was turned, thereby getting them out of barracks without notice. The friend, also a Londoner, made arrangements with Sandy to meet and pedal what had been stolen. That was done. Now, with the granting of a six month trial period he was returning to Deal, that

would leave approximately sixteen months before reaching age 18 and adulthood. Through the help of the Percussion Bandmaster, who believed in his ability, he performs and solo's Xylophone, at the end of school year, Summer, concert. With just one year to cram, he embarks on a strict practice schedule. February of 1955 is a particular bad winter for an Influenza epidemic and Sandy is admitted into the sick-bay. While there, he's visited by MP's and a Detective, who were investigating instruments theft during Christmas leave. This investigation also harped back to previous occurrences that went unsolved. Sandy's name came up, and while sick, he was interrogated. He caves in and is Court Martialed.

Meet Austin Davenport, whose fabulous luck landed him on this earth only eleven short months after his brother, Derek, putting them in the same grade. While Austin's brain power is unmatched, it appears as if his brother got all the athletic gifts and the family butt-chin, meaning their parents love Derek more than Austin, or so it seems. Join Austin on his journey through the tumultuous waters of middle school as he navigates the swampy and undeodorized hallways and explores the depths of the cafeteria's seafood surprise. Oh, and someone is plotting to take down the Halloween Dance, the one that Austin has his sights set on, so he can take Sophie Rodriguez, a girl way out of his league, but who doesn't seem to know it. Can he stay one step ahead of the new principal who has it out for him? Will Austin figure out who the perpetrators are? Will he save the dance in time? Will he wear a diaper on

a stakeout? The funny and fast-paced nature of this series is meant for middle grade and early young adult readers. Beware! This series has the tendency to turn reluctant readers into eager ones. Oh, and following the chaos from the Halloween Dance, Cherry Avenue's overbearing principal is gunning even harder than before to get Austin expelled. Will Austin win the lead and steal the show? Will he gain his parents' affection even though he doesn't have the family butt chin? Can he juggle all of the mayhem that middle school throws at him or will his klutzery destroy all that he holds dear? What are you waiting for? I'm not going to answer the questions for you. Will the competition be too much for their relationship? Will Austin's design for a fart-suppression device save the environment and the institution of marriage by reducing toxic fume emissions by 40%? "Like a summer superhero movie, this YA fantasy features dazzling adventure and a truly epic romance." -iBooks Official Review From international bestselling author S.T. Bende comes the complete story of the *Ære Saga* (Books 1-4). Book 1:

PERFEKT ORDER All's fair when you're in love with War. For seventeen-year-old Mia Ahlström, a world ruled by order is the only world she allows. A lifetime of chore charts, to-do lists and study schedules have helped earn her a spot at Redwood State University's engineering program. And while her five year plan includes finding her very own happily-evah-aftah, years at an all-girls boarding school left her feeling woefully unprepared for keg parties and co-ed extracurricular activities. So nothing surprises her more than catching the eye of Tyr Fredriksen at her first college party. The imposing Swede is arrogantly charming, stubbornly overprotective, and runs hot-

and-cold in ways that defy reason . . . until Mia learns that she's fallen for the Norse God of War; an immortal battle deity hiding on Midgard (Earth) to protect a valuable Asgardian treasure from a feral enemy. With a price on his head, Tyr brings more than a little excitement to Mia's rigidly controlled life. Choosing Tyr may be the biggest distraction—or the greatest adventure—she's ever had. Book 2:

PERFEKT CONTROL Rule the realms. Brynn Aksel is a valkyrie—a battle goddess tasked with protecting both the God of War and the future of Asgard. She fends off giants and dark elves with an iron fist, a glossy smile, and no less than perfekt control. She's focused one-hundred-percent on rising through the valkyrie ranks, and not at all on her lifelong crush on Henrik Andersson—the one guy in all the realms who could be her undoing. Henrik serves as War's other bodyguard, and he's too focused on protecting their shared charge to realize that Brynn's a girl. When an unprecedented surge of darkness abducts the Goddess of Love, Brynn's already-steely focus is singularly directed on her new assignment—accompany Henrik to recover the realms' source of light before the cosmos descends into chaos. While battling demons, dragons, and the not-quite-dead, it becomes clear that immortality does not equal invincibility. And when Hel herself puts a hit on Brynn, the valkyrie has to decide if staying in control is worth losing everything . . . or if

it's time to rule the realms. Book 3: PERFEKT BALANCE Become what you believe. Elsa Fredriksen knows there's a thin line between love and fear. As High Healer, she rights the wrongs committed by those who choose the darkness. But even Asgard's secret weapon can't undo every injury—especially when her fate is completely entwined with the god she's trying to save. Elsa's in love with the Norse God of Justice. But Forse's heart is ruled by fear—fear that the past will repeat itself; fear that opening his heart will compromise his ability to do his job; fear that he'll hurt the one girl he desperately wants to protect. Again. When Elsa faces off against the very monster she once swore to protect, her survival depends on a power she isn't sure she can control. And when Forse's worst nightmare unfolds in front of him, Elsa has to decide whether it's more important to hold the realms in perfekt balance . . . or hold onto the guy she can't imagine existing without. Book 4: PERFEKT MATCH For honor. For love. For Asgard. ? Valkyrie Brynn Aksel is ready for some downtime. But when an urgent warning arrives from Asgard, heralding the death of a beloved god and the dawn of Ragnarok—the not-so-mythological end of days—it becomes clear there's no rest for the gods . . . not when future of the realms is on the line. ? Goddess of Love Freya Skönsten can't shake the darkness that's clung to her since her Helheim imprisonment.

An unsanctioned romantic connection with a mortal is the only thing keeping her in the light, but Freya's vow to the Norns prevents her from fully uniting with her perfekt match. When Hel returns to finish what she started, Freya must decide how much she's ready to sacrifice to save the family she loves . . . and whether she's willing to give up everything for the worlds she's sworn to protect. ? With the forces of darkness aligning to destroy the realms, it's clear more than just Love hangs in the balance. Ragnarok has arrived. And it's shaping up to be the perfekt storm.

When light gives way to darkness, only terror

remains! An unfathomably advanced alien technology slowly gains sentience over thousands of years roaming the galaxy on a secret, ancient and malevolent mission. The first test of a new military "hyperstealth" system, based on technology and physics theories far beyond anything previously dreamed of, irrevocably changes the course of humanity's future, opening doors that would better remain closed. And at the intersection of these events is husband and wife team Alex and Melissa Wakeman, the very definition of a "power couple": Alex a veteran special military operator turned Air Force test pilot who likes to keep things light with humor but who is highly capable in any situation; Melissa a world-class scientific mind, perhaps the smartest person on Earth in fact, specializing in advanced military aircraft design. They, along with their superior and friend Brendan Alcheck, wage an apocalyptic battle against a horrific alien hybrid, born of death and decidedly deadlier than any creature on Earth. Together, they must race against time to stop the creature from completing its mission: the return of the hyperstealth technology to its masters, a highly advanced malevolent race who, unbeknownst to the human race, sow death and destruction throughout the galaxy. Unimaginable sacrifices are made and a final, impossible battle fought on multiple fronts will determine the fate of the human race, and that of thousands of as yet unknown

species. The Darkness Beyond the Light, book I of the Infinite Universe Saga, is a tense, action-packed sci-fi thriller, an adventure you will not want to miss! Veraktalis the Dark Sorcerer has discovered a mystic force he believes will unshackle the wrathful demons Christ chained to the bottomless pit. His plan is to annihilate mankind, causing Christ to abandon the earth, thus freeing all evil from the judgment of God. Standing in the way of those wicked schemes is the paladin, Navarro Silvinton; the silver elf prince, Zakili Terishot; and the baron's daughter, Candace Veldercrantz. They face an uphill struggle against deceit and prejudice, an assassin warlord and his army, a fictitious curse, and an onslaught of mighty giants and blood-thirsty monsters. A budding romance between Navarro and Candace confuses the already complicated events. With the fate of mankind at stake, they strive to overcome a threat they can only defeat with the power of Jesus Christ. The odds seem insurmountable, but with God all things are possible. Penny was sitting on the tailgate of Henry's wagon, wrapped in a blanket, and crying silently when Jason and the others approached and stopped a few feet away. Jason took two steps forward, and she slid right off the wagon into his arms, sobbing so hard she was almost convulsing. After a few minutes, Penny pushed herself back so she could see his face and demanded, "Where's David? Where's my husband? I thought you were my friend, Jason, why won't anybody tell me?" "I'm sorry, princess, David's gone, the bastards killed him," Jason replied as tears formed in his eyes.
