

Sovereign The Books Of Mortals

Nine years after Rom Sebastian was thrust into the most unlikely of circumstances as hero and bearer of an unimaginable secret, the alliance of his followers is in disarray. An epic battle with The Order has left them scattered and deeply divided both in strategy and resolve in their struggle to become truly alive and free. Only 49 truly alive followers remain loyal to Rom. This meager band must fight for survival as The Order is focused on their total annihilation. Misunderstood and despised, their journey will be one of desperation against a new, more intensely evil Order. As the hand of this evil is raised to strike and destroy them they must rely on their faith in the abiding power of love to overcome all and lead them to sovereignty. SOVEREIGN wonderfully continues the new testament allegory that was introduced in FORBIDDEN and continued in MORTAL.

Almost the whole of the New Testament is devoted,
 not to the portrayal of the significant and inspiring

religious life of Jesus, but to a discussion of Paul’s religious experience and to a portrayal of his personal religious convictions. ??The New Testament is a superb Christian document, but it is only meagerly Jesusonian. ?One of the most important things in human living is to find out what Jesus believed, to discover his ideals.

Nueve años después de que Rom Sebastian fué empujado a las circunstancias más improbables como el héroe y portador de un secreto inimaginable, la alianza de sus seguidores está en caos. Una batalla colosal contra La Orden les ha dejado desbandados y profundamente divididos tanto en estrategia como en la determinación de llegar a convertirse en seres verdaderamente vivos y libres. Solo quedan 36 seguidores realmente vivos que siguen siendo fieles a Rom. Esta pandilla en extinción tiene que luchar por sobrevivir mientras que La Orden está enfocada en su total aniquilación. Malentendidos y despreciados, su jornada será una de desesperación en contra de una nueva y mucho más malvada Orden. Mientras la mano de maldad se levanta para destruirles, ellos tienen que apoyarse en su fe de que el perdurable poder del amor los ayudará a vencer todo y los guiará a la soberanía. Soberano continúa magistralmente la alegoría del nuevo testamento que se introdujo en Prohibido y que continuó en Mortal.

"Confessions" is an autobiographical book which covers the first fifty-three years of Rousseau's life, up to 1765. It was completed in 1769, but not published until 1782, four years after Rousseau's death, even though Rousseau did read excerpts of his manuscript publicly at various salons and other meeting places. He wrote of his own life mainly in terms of his worldly experiences and personal feelings. "Emile, or On Education" or "Émile, or Treatise on Education" is a treatise on the nature of education and on the nature of man. Jean-Jacques Rousseau considered it to be the "best and most important" of all his writings. Emile is scarcely a detailed parenting guide but it does contain some specific advice on raising children. It is regarded by some as the first philosophy of education in Western culture to have a serious claim to completeness, as well as being one of the first Bildungsroman novels. "The Social Contract," originally published as On the Social Contract; or, Principles of Political Rights by Rousseau, is a 1762 book in which Rousseau theorized about the best way to establish a political community in the face of the problems of

Centuries have passed since civilization's brush with apocalypse. The world's greatest threats have all been silenced. There is no anger, no hatred, no war. There is only perfect peace...and fear. A terrible secret was closely guarded for centuries: every single soul walking the earth, though in appearance totally normal, is actually dead, long ago genetically stripped of true humanity. Nine years have gone by since an unlikely hero named Rom Sebastian first discovered a secret and consumed an ancient potion of blood to bring himself back to life in Forbidden. Surviving against impossible odds, Rom has gathered a secret faction of followers who have also taken the blood-the first Mortals in a world that is dead. But The Order has raised an elite army to hunt and crush the living. Division and betrayal threaten to destroy the Mortals from within. The final surviving hope for humanity teeters on the brink of annihilation and no one knows the path to survival. On the heels of Forbidden comes MORTAL, the second novel in The Books of Mortals saga penned by Ted Dekker and Tosca Lee. Set in a terrifying, medieval future, where grim pageantry masks death, this tale of dark desires and staggering stakes peels back the layers of the heart for all who dare take the journey. The Books of Mortals are three novels, each of which stands on its own, yet all are seamlessly woven into one epic thriller.
